

# FUEL THE FUTURE

## Your Donation Powers Learning Opportunities!

At the Upper Dublin Education Foundation, we help our educators transform an excellent education into something extraordinary. Last year, we contributed \$220,000 to enrich our students' educational experiences, funding initiatives that go above and beyond the Upper Dublin School District budget like innovative curriculum enhancements, hands-on learning opportunities, and cutting-edge technology. Together, we can build on that momentum and continue to make a meaningful difference for our students, just as these impactful programs did in 2023-24:

### Learning Hubs

Created garden classrooms, collaborative courtyards, and initiatives at Robbins Park

### Literacy

Supported lending libraries, whisper phones, and literacy games

### STEM

Introduced cutting-edge technology into classrooms, including drones, advanced lab equipment, and robotics kits

### Music & Arts

Funded digital art labs, new instruments, and inclusive art materials

### Social Media Safety

Partnered with the Organization for Social Media Safety to help students safely navigate social media

Your gift to the Upper Dublin Education Foundation fuels unforgettable educational experiences for students! Use the enclosed envelope, donate at [udefoundation.org](http://udefoundation.org) or scan the QR code. **Every donation makes a difference.** Thank you!
